September 7, 2017

To Whom It May Concern:

Google is pleased to inform you that Anirudh M has successfully completed Google Summer of Code 2017, a program which connects students with mentors for 3 months to develop open source software. Each year many students apply to participate with only a portion of them being accepted into the program, and not every student finishes the program successfully.

Anirudh was accepted into the program by, and developed open source software for, Haiku beginning May 30, 2017 and ending on August 21, 2017. Over that period, they passed each of the three evaluations conducted by their mentor.

More information on Anirudh's project can be found at:
https://summerofcode.withgoogle.com/projects/5966089876930560

Anirudh worked from home on their project and was not required to visit either Google or Haiku's offices. They received a stipend of 2400 USD for the project. Although Anirudh was not directly employed by Google during Google Summer of Code 2017, the program was administered by Google from our corporate headquarters and Google acted as the host organization for the duration of Anirudh's participation.

Should you require any further information, please do not hesitate to contact our Google Summer of Code program team via email at gsoc-support@google.com.

Best,

Joshua Simmons
Google Summer of Code Program Manager

April 25, 2018

To Whom It May Concern:

Google is pleased to let you know that Anirudh M has been accepted to participate in the Google Summer of Code 2018 program, which is administered from our Corporate Headquarters at 1600 Amphitheatre Parkway, Mountain View, CA 94043.

Anirudh will work as a Student Developer beginning April 23, 2018 and ending on August 14, 2018, developing open source software for Cloud Native Computing Foundation (CNCF). Anirudh is expected to spend 30+ hours a week working on their project. Anirudh will work from home on their project and will not be required to visit either Google or Cloud Native Computing Foundation (CNCF)'s offices.

More information on Anirudh's project can be found at:
https://summerofcode.withgoogle.com/projects/4573515492098048

Anirudh will not be directly employed by Google during participation in Google Summer of Code. The program is administered by Google and Google will act as the host organization for the duration of their participation.

This letter serves as official proof and verification of Anirudh M's acceptance. Alternate proof cannot be provided.

You can learn more about the program on our website at g.co/gsoc. Should you require any further information, please do not hesitate to contact our team via email at gsoc-support@google.com.

Best,

Joshua Simmons
Google Summer of Code Program Manager
